Permanent Missions to the IAEA

Reference: RAS/9/076 "Strengthening of National Capabilities for Response to Nuclear and Radiological Emergencies"

Subject: International School of Radiation Emergency Management, in Chiba, Japan from 29 August to 16 September 2016

Dear National Liaison Officers,

I am pleased to inform you that the International Atomic Energy Agency (IAEA) is organizing the above mentioned school within the framework of the IAEA technical cooperation project RAS/9/076, "Strengthening of National Capabilities for Response to Nuclear and Radiological Emergencies" in Chiba, Japan, from 29 August to 16 September 2016, upon host acceptance.

The purpose of the school is to create a cadre of managers capable of developing and managing sustainable emergency preparedness and response (EPR) programmes, based mainly on IAEA safety standards, technical guidelines, tools and training material.

We would appreciate receiving nominations from your country by **24 June 2016** at the latest.

We strongly recommend the registration through In-Touch (<http://intouch.iaea.org>) the communication platform for the IAEA's technical cooperation Community - to submit your nomination.

Please be advised that we will not be able to consider nominations received after the aforementioned deadline. Further details on the technical and administrative aspects of the workshop can be found in the attached prospectus. I look forward to receiving your early response.

Yours sincerely,

Marina Binti Mishar

Programme Management Officer

Division for Asia and the Pacific – Section 2

Department of Technical Cooperation
