Subject: SOER 2013-1 recommendations implementation

Dear Mr. Ghaffari,

A recent analysis of event reports identified an increasing number of events linked to operator fundamentals.

The identified issues of operator fundamentals weaknesses are directly related to SOER 2013-1 recommendation implementation.

We are suggesting to arrange a self-assessment of an operator training program and practical implementation of operator fundamentals in operating departments as it required in the SOER 2013-1 recommendations. Self-assessment results should be forwarded to Mr. Kezin WANO MC by e-mail: kezin@wanomc.ru; by December 15, 2018 for the further analysis.

We are planning to organize a workshop for the plants training managers in the WANO-MC premises not later than a first quarter of 2019 for discussion self-assessment results and develop measures for improving identified weaknesses.

I hope for continued fruitful cooperation.

Best regards,

Mr. Vasily Aksenov
Director
