

**To: Risk Engineering**  
**Attn.: B. Manchev**  
**Executive Director of Risk Engineering Company**  
**Sub.: Bushehr NPP reactor surveillance specimens tests**

**Dear B. Manchev,**

Regarding to article 3 of the framework agreement between TAVANA Company and RISK ENGINEERING LTD. please be informed that, this company intends to assign the following activities to accomplish:

- ✓ Transportation of the reactor surveillance specimens of Bushehr NPPs to the international Hot Labs for performing the tests;
- ✓ Performing the surveillance specimens tests based on the related standards;
- ✓ Analysis of the surveillance specimens test results;
- ✓ Designing and equipping a reactor surveillance specimens test facility for Bushehr NPP in the territory of IRAN;
- ✓ Training the Bushehr NPPs' staff to perform the surveillance specimens' tests and analysis the results.

Considering the capabilities and considerable experience of your company in the mentioned issues, please send your technical proposal including estimated price, time schedule, etc. for each activity. Additional information such as specifications of the reactor surveillance specimens of Bushehr NPP, required tests, etc. has been attached to the letter.

Thank you in advance for your cooperation.

Sincerely yours

M. Ghods

General Director
