To: Mr.E.A Salkov

Director General of Rusatomservice

Sub: Request for M&R Comprehensive Software

Dear Sir,

Following the previous negotiations regarding the optimization and increase of efficiency of Maintenance and Repair (M&R) activities of the Bushehr Nuclear Power Plant (BNPP) and with the purpose of performing the organization and planning activities for Overhauls and Planned Preventive Maintenances (PPM) in a more efficient way, the BNPP is considering to use the experiences of modern NPPs of Russian Federation for identifying and selecting the M&R comprehensive software and establishing it at the BNPP. If it is possible and you are willing to cooperate in regard to identifying, selecting and supplying the aforementioned software, you are kindly requested to inform the BNPP of your technical-contractual proposals as soon as possible.

Sincerely yours

H.Ghaffari

Bushehr NPP Manager and Managing Director
