Subject: International Working Group on WANO Performance Indicators

Dear Mr. Ghaffari,

Let me inform you that the International Working Group on WANO Performance Indicators (IPIWG) has developed a proposal related to the adoption of conservative decisions on shutdowns of units. To date, the WANO London office and the IPIWG secretariat have collected comments on this proposal from operating organizations and companies that are members of WANO, with the goal of accepting the use of this approach to recording WANO power generation indicators.

I would like to ask you to consider this proposal (Appendix 1) and send by March 1, 2019 to the address of WANO MC the position of Bushehr NPP on this proposal.

I hope for continued fruitful cooperation.

Best regards,

Mr. Vasily Aksenov
Director
