Yes

To: Mr.A.V.Vostrikov

**Deputy General Director of Rusatom Service JSC for Operation Support –
ATEX JSC Managing Director**

Sub: Approving the changes in technical specification

Dear Sir,

Response to the letter No. 340-01-20/1371 dated 17.10.2018 regarding the TCP sent about approving the changes in technical specification, we inform you the followings:

- 1- The basis of price calculation of the companies mentioned in the letter is not clear and it is not specified that every one of these companies will review which parts of the notification.
- 2- In the request sent of confirmation, only reviewing and approving notification of Technical specification have been requested, not the confirmation of the total new version.
- 3- According to the article 2 of the attachment 5 of Technical Support Contract, reviewing and commenting about operating engineer documents which also includes operating procedures, is the duty of the resident experts of technical support companies.
- 4- Most of the comments mentioned in the notification is of editing kind or mismatched with FSAR document and no calculation is required for reviewing or approving them. Please find attached the samples of comments.

According to the abovementioned items, the TCP sent from the Contractor has surprised the Principal and is not accepted at all. According to the article 3 of this letter, in the Principal point of view, any kind of the price requested from AEP Company for reviewing or approving the notification is not approved due to the presence of experts of this company in the plant. Regarding other related companies, the aforementioned prices are not acceptable according to the articles 2 and 4 of this letter, as well.

Regarding the abovementioned, we kindly ask you to review the TCP and send it again.

Sincerely yours

H.Ghaffari

Bushehr NPP Manager and Managing Director
