Subject: Regional Workshop on Occupational Radiation Protection Programme in line with the IAEA Safety Requirements (GSR PART III)

Dear National Liaison Officers,

I am pleased to inform you that the International Atomic Energy Agency will be conducting the above-mentioned Workshop under the regional project RAS/9/080 "Strengthening Protection of Radiation Workers and Occupational Exposure Monitoring", in Vienna, Austria, from **22 – 26 August 2016**.

The purpose of the regional workshop is to:

- (i) increase the technical background of participants on how to improve radiation protection programmes at end-user facilities, optimization approaches, and safety culture according to the requirements of the new international basic safety standards (GSR Part 3);
- (ii) build common understanding on a systematic approach for occupational exposure monitoring and improved provision of dosimetry and technical services for workplace monitoring;
- (iii) provide information on networking activities as an essential supportive action for improving the occupational radiation protection arrangements to share knowledge; and
- (iv) introduce and promote the Agency's Occupational Radiation Protection Appraisals Service (ORPAS) as an essential element for verification of compliance with project objectives and the impact assessment.

We would appreciate receiving nomination forms for your respective candidates, submitted to the Agency, by **22 April 2016**. The nominations must be submitted on the standard IAEA nomination form for meetings/workshops, available through the InTouch platform <http://intouch.iaea.org/Default.aspx?tabid=87>

Thank you for your cooperation and best regards

Yours sincerely

Marina binti Mishar
